

Black Rhino™ Printer Supplies

Black Rhino™ Printer Supplies provide uncompromising quality and superior value. Remanufactured cartridges have been recycled and reprocessed from an empty OEM (Original Equipment Manufacturer) core and refilled with high quality ink and toner. Our vast selection of remanufactured supplies are built under strict quality guidelines, using lab-tested components that ensure performance that meets or exceeds OEM specifications.

Why Black Rhino?

◆ Significant Cost Savings Over OEM

OEM's are continuing to increase their prices. By using Black Rhino cartridges, you can save up to 45% over the OEM without sacrificing quality.

◆ 100% Performance Guarantee

All Black Rhino cartridges are manufactured in state-of-the-art facilities utilizing technology and automation to provide consistent, high quality printing. They go through rigorous pre- and post-testing to ensure each cartridge meets or exceeds our standards for performance.

◆ Reduce Your Carbon Footprint

When you choose Black Rhino Printer Supplies, you help protect the environment by keeping used cartridges out of landfills while conserving non-renewable resources. A remanufactured cartridge has a 44% smaller total environmental footprint compared to the OEM equivalent.

◆ High Quality Printing

Black Rhino cartridges are reengineered with new components and are carefully refilled with high quality ink and toner. They are designed to produce crisp, professionally printed pages every time. By using Black Rhino Supplies, corporate inkjet printers, laser printers and copiers all perform consistently, reliably and deliver superior printing results.

The General Data Store

Ordering printer supplies is now easier than ever! The General Data Store offers a smart solution that enables companies to significantly reduce their variable costs by increasing visibility and gaining control over their corporate spending on printer consumables — including toner, ink and ribbons.

With the General Data Store, you have:

- » a full catalog of toner, ink, labels, printers and more
- » the power to order online with the click of your mouse
- » up front visibility of pricing
- » easy access to your order history
- » quick reordering of the items you use the most
