

G-Band™ Color Identification Wristbands

■ **Quick & Easy to Use**

Error-free patient identification is one of the most important steps in ensuring patient safety. Just type the information, add the photo, and print.

■ **One Size Fits All**

G-Band's unique "one size fits all" adhesive fitting and closure tabs make applying the wristband easy and efficient. The fitting tab assures a comfortable fit on any wrist size, and the closure tab offers tamper-evident protection for added security.

■ **On-Demand Color Printing**

Personal ID AC Color wristbands enable the user to print any color directly on the wristband as the wristband is printed. Only one wristband is needed - a patient is no longer required to wear multiple wristbands for different color-code alerts.

■ **Comfort, Reliability, and Durability**

Soft and comfortable on the patient's skin, the G-Band is still durable enough to allow scannable patient barcodes and readable print even after water, soap, and hand sanitizers without fading or smearing. They are latex-free and hypo-allergenic, with no skin-irritating agents or chemical additives.

Product Specifications:

G-Band

Part Number:	L-WB-M3996
Size:	1" W x 11" L
Quantity per Roll:	80 (1.5" core)
Rolls per Carton:	5
Print Method:	Inkjet
