

# **G-Band™ Ultra** Thermal Identification Wristbands

## **Quick & Easy to Use**

Error-free patient identification is one of the most important steps in ensuring patient safety. Just enter the information, insert a photo if you like, and print. G-Band barcoded patient wristbands help prevent dangerous medical errors by making patient information immediately available for medication administration, specimen collection, surgical procedures, and any other patient care activity.

## **One Size Fits All**

G-Band's unique "one size fits all" adhesive fitting and closure tabs make applying the wristband easy and efficient. The fitting tab assures a comfortable fit on any wrist size, and the closure tab offers tamper-evident protection for added security.

## **Comfort, Reliability, and Durability**

Soft and comfortable on the patient's skin, the G-Band is still durable enough to allow scannable patient barcodes and readable print even after water, soap, and hand cleaners without fading or smearing. They are latex-free and hypo-allergenic, with no skin-irritating agents or chemical additives.

**Positive Patient Identification** starts here.

Product Specifications:

<b>G-Band Ultra</b>	
Part Number:	L-WB-M3877
Size:	1" W x 11" L
Quantity per Roll:	80 (1.5" core)
Rolls per Carton:	5
Print Method:	Direct Thermal
Face stock:	Polyolefin film, pressure-sensitive adhesive closure; security slits
Thickness:	7.5 mils
Performance:	Latex-free, hypoallergenic, resistant to water, soaps, cleaning agents and hand cleansers
Temperature Range:	-20°F to 160° F (-28.8°C to 71.1°C)
Storage Expectancy:	One year under standard sotrage and humidity conditions
