
Material Specification Sheet**Product:**

M-125

Description:

A high density, opaque white, uncoated polyethylene film tag with superior tear resistance.

Recommended Applications:

Specially designed to meet the stringent requirements of demanding outdoor applications, this tag is extremely versatile for applications requiring quality printing and superior strength. Great for lumber tags, nursery tags, brick tags, wire and cable tags, and fence tags. Also suitable for applications requiring compliance with FDA regulations for direct food contact.

Facestock:

A high density, opaque white, uncoated polyethylene film.
