

Smarter Technology. Exceptional Results.

Upgrade Capabilities. Downgrade Costs.

Set a new standard in how you connect, communicate and work inside and outside the four walls with the new, ultra-rugged Zebra MC9400 Series. Trade in your legacy devices for a lucrative rebate on leading-edge technology. You'll reduce your spending while raising your performance with the utmost in advanced connectivity, processing power and scanning capabilities.

And what's good for your business and budget is also good for your sustainability initiatives. Know that we'll properly recycle your older device to protect the environment from harmful landfill waste or chemicals.

\$250
for Zebra trade-ins
\$400
for competitive models

Set a New Standard in Mobility

Redefine how you connect, communicate and work inside and outside the four walls.

Feel confident that the MC9400 Mobile Computer Series is based on the MC9000's proven success as the leading rugged mobile computer for over 20 years

Experience lightning fast connectivity and processing via 5G, Wi-Fi 6E and the leading Qualcomm platform that delivers 2.5x more processing power for rapid application speeds

Extend scanning from 3 in. to over 100 ft. away

Minimize security risks with the first-in-its-class, multi-user, facial biometric recognition

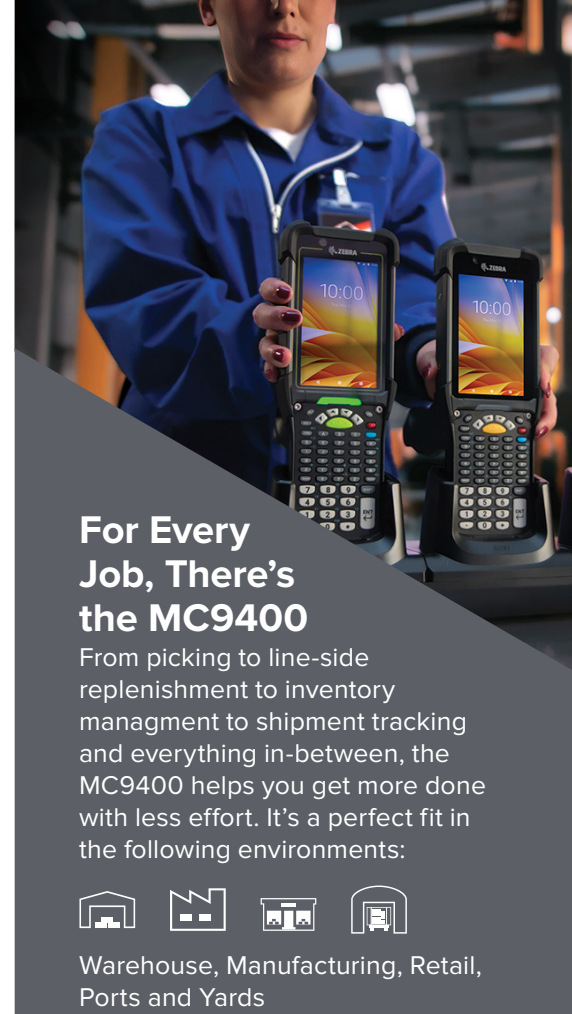

Find misplaced and lost devices via our Device Tracker and optional BLE battery

Make the move to the MC9400 Mobile Computer Series.
