RC Series Utility Workstations

Newcastle Systems has designed a compact RC Series workstation. With its sleek support members it can be used in a wide variety of applications including retail, warehousing and manufacturing. Its small footprint makes it perfect for narrow aisles and small spaces. Designed with 5" (127 mm) swivel casters, it ensures easy maneuverability in any environment.

The RC Series rugged powered or non-powered carts are constructed with 11 gauge steel and fully reinforced surfaces. It has been designed to handle rough treatment over time.

Each cart includes an 18" (457 mm) storage compartment for storing miscellaneous items such as documents, notebooks, other stationery items and tools.

A number of optional accessories are available and can be easily integrated in seconds for a highly versatile workstation.

Powered version with optional accessories

Standard storage compartment

Optional, easily adjustable middle shelf

Non-powered version
