SHURSilver™
Ionized Silver-Infused Hand Sanitizer

■ **Cosmetic Grade and Medical Grade Sanitizer**

Enhanced with added ingredients that protect and condition skin, as well as 70% FDA-approved alcohol.

■ **Liquid Silver Adds Anti-microbial Protection**

SHURSilver contains 11ppm (parts per million) of ionic silver, which offers the optimal level for proprietary "polymer glove" effectiveness. Also antibacterial and antiviral, it coats your hands with a glove-like layer of added protection.

■ **Conditions Hands**

Unlike most hand sanitizers that dry and irritate hands, SHURSilver is not only safe; it is beneficial, because the ionic silver enhances antibacterial and antiviral properties of alcohol. SHURSilver will make your hands feel silky and smooth at the same time they are sanitized.

■ **Made in the USA**

For quality and reliability you can trust, as well as the ability to ship quickly and easily.

■ **Available in Two Sizes**

For your convenience, half-gallon pumps for high-traffic common areas and 8 oz. pump bottles for individual working areas.

Protect every life story™ in your lab.
