Xerox® AltaLink® C8230/C8235/C8245/C8255/C8270 Color Multifunction Printers

Why harness the power of AI technology in a multifunction printer? Simple. Because busywork isn't your job. Our new AI-supported AltaLink 8200 Series Multifunction Printers are true Workplace Assistants that adapt to you and flex with you, automating tedious tasks so you can focus on what matters most.

BRILLIANTLY CAPABLE, VERSATILE AND AI-ASSISTED

AltaLink's intuitive, tablet-like user interface delivers time-saving ease for each task. Tap into AI-assisted algorithms that learn from you and prioritize your most commonly used tasks to create convenient shortcuts. So you can do more in fewer steps.

With pre-loaded AI-assisted apps*, AltaLink can automate your busy-but-important work, such as redacting sensitive data, summarizing long reports and digitizing handwritten notes so they can be easily edited, shared and acted on.

Wireless should be seamless. AltaLink's native mobility features make it simple to print and scan from your favorite mobile devices. And you can even access your preferred cloud storage service right from the UI. So you can say goodbye to busywork and guesswork.

A SMARTER WAY TO SCALE

No matter how big or small the print job is, AltaLink can be customized to do it. With a variety of accessories and finishing options to choose from, you can configure your Workplace Assistant as needed. And as your business grows, more printers don't mean more problems. AltaLink devices can

automatically keep critical productivity and security settings synced across your fleet. In addition, you can support users and perform interactive training right from your desktop.

SECURITY WITHOUT THE COMPLEXITY

Comprehensive security features work hard to prevent, detect and neutralize threats in addition to streamlining reporting and automatically remediating IT-required settings. Built-in, pre-defined security configurations simplify implementation. Just select one of three security templates and let AltaLink do the rest — no expert knowledge required.

DESIGNED FOR SUSTAINABILITY

With waste-reducing and energy-saving features and the inclusion of post-consumer recycled plastic, AltaLink printers help to reduce environmental impacts. These printers have achieved EPEAT®, ENERGY STAR® and Blue Angel certification.

STAND OUT IN A WORLD OF COLOR

Add clarity and impact to your documents with a high-resolution output of 1200 x 2400 dpi, best-in-class HD toner and superior color rendering and consistency. Take it even further and upgrade with the Xerox® EX-c AltaLink® Server Powered by Fiery®, which provides even more options for polished, eye-catching documents that command attention.
